CONCLUSIONS:

The operator of this site must be immediately notified that all items in the above list noted as requiring improvement shall be corrected and in conformance with the Standards within a specified period not exceeding 60 days. Completion of required site improvements must be verified before licensing information is forwarded to the central office. If site improvements are not completed within the specified time limit, the situation must be recommended for appropriate legal action.

Phone 766-2758

Dear Sir:

As to Item 9 -- We are also accepting flammable liquids in a very limited amount. This material comes from the Paper Mills in the Valley, such as inks, oils, grease and glue. This material is placed very carefully in our Landfill so as not to create any run-off or leaching. Other paper waste is used to soak up this material and then landfilled as to your specifications.

Concerning Item 10 -- The rodents are very few in number and poison is set out to compensate this.

Regarding Item 11 -- We have a procedure we follow every day as to landfill and our standards are up to the D.N.R.'s specifications.

Thank you.

Very truly yours,

LEHRER SANITARY SERVICE

Mr. James Lehrer, Owner
Lehrer Sanitary Service
1604 C. Cooks Avenue
Kaukauna, Wisconsin 54130

Dear Mr. Lehrer:

Upon reviewing your application, it was noted that you are accepting flammable liquids in a very limited amount. However, Lehrer Sanitary Landfill is not licensed to accept toxic and hazardous wastes. To help determine if the quantity of toxic and hazardous material is significant this office is requesting the following information:

1. A list of chemical and trade names of all toxic and hazardous wastes accepted.
2. The average monthly toxic and hazardous waste quantities in both pounds and gallons disposed of at the site.

If the toxic and hazardous wastes are determined to be a significant quantity, information such as soil borings will be required to determine if the site is acceptable as a toxic and hazardous waste disposal site.

This office is requesting that the above listed items be submitted to this office as soon as possible so that processing of your application can continue.

Should any questions arise concerning this subject, feel free to contact this office for assistance or clarification.

Very truly yours,

DEPARTMENT OF NATURAL RESOURCES
Division of Environmental Protection

Allan F. Schoen
Assistant District Director - Environmental Protection

Mr. James Lehrer, Owner
Lehrer Sanitary Service
1604 Crooks Avenue
Kaukauna, Wisconsin 54130

Dear Mr. Lehrer:

This letter is to confirm the inspection of Lehrer Sanitary Service on September 6, 1972, and your subsequent conversation with Mr. Boehm of our office. As he stated, the materials presently exposed in the inactive portions of the site must be covered before the site is in conformance with the Solid Waste Disposal Standards. Since the new licensing period begins on October 1, 1972, it is essential that the above-mentioned improvement be made within 14 days in order that a reinspection can be made, and our recommendation be sent to our Madison office.

Should any questions arise concerning this subject, feel free to contact this office for assistance or clarification.

Very truly yours,

DEPARTMENT OF NATURAL RESOURCES
Division of Environmental Protection

Allan F. Schoen
Assistant District Director - E.P. (Acting)

KNOW ALL MEN BY THESE PRESENTS: That we,

Leher Sanitary Service
Name of Applicant

RR3 Kaukauna, Wis., as Principal,
Address

and Hartford Accident & Indemnity Company,
Surety Company

a corporation organized and existing under the laws of the State of Wisconsin and duly authorized to transact a surety business in the State of Wisconsin, as Surety, are held and firmly bound unto the State of Wisconsin in the sum of Five Thousand ^{no}/₁₀₀ Dollars (\$5,000.⁰⁰) lawful money of the United States, for the payment of which well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally firmly by these presents.

THE CONDITIONS OF THIS OBLIGATION ARE SUCH THAT: Whereas the above named principal, pursuant to Sections 144.43 and 144.44, Wisconsin Statutes, (Chapter 83, Laws of 1967), and pursuant to the rules of the Department of Natural Resources, Division of Environmental Protection of the State of Wisconsin governing disposal of solid wastes, is applying to the Department of Natural Resources, Division of Environmental Protection for a license to engage in the business of disposal of solid wastes;

And whereas before receiving a license the said principal must deposit with the Department of Natural Resources, Division of Environmental Protection, a surety bond to indemnify the Department of Natural Resources and persons for whom faulty work is performed, such bond to be conditioned upon the

00592

abandonment of the disposal site in a manner deemed to be in conformance with requirements of the State of Wisconsin Solid Waste Disposal Standards, by a representative of the Division of Environmental Protection, should need for such abandonment occur.

NOW, THEREFORE, if the said principal shall perform all services in conformity with all applicable Solid Waste Disposal Standards, as determined by the Department of Natural Resources, Division of Environmental Protection, and will indemnify the Department of Natural Resources and persons for whom faulty work is performed, then this obligation shall be null and void, otherwise to remain in full force and effect.

The Department of Natural Resources and any person for whom faulty work is performed shall be entitled to indemnity under this bond and shall have a right to action under the bond in a total amount not exceeding the amount of this bond, provided the surety shall be notified in writing by certified mail within sixty (60) days of the termination of the privilege of performance under a Solid Waste Disposal Operation License, that there is a non-compliance with some applicable Solid Waste Disposal Standards.

IN WITNESS WHEREOF, the above named parties have executed this instrument the 5th day of June, 1972.

Expires September 30, 1973.
